

Eliminating dirt in your paint:

- Cavity free
- Silicone free
- Smooth-bore

**Saving Millions of dollars
of repair, rework, and
potential warranty**

Preserving your coatings integrity:

- Low shear
- Low pressure loss
- Micro finished

**Reduce or eliminate
pumping & circulation related
color & appearance changes**

Hosco is a finishing system components manufacturer serving the finishing industry **worldwide**

through systems integrators, and an extensive network of regional authorized distributors and agents. Hosco offers standardized capability for circulation systems and application finishing on a Global basis while being the only supplier of both inch and metric smooth-bore, cavity free and micro finished valves and fittings designed specifically for paint. All Hosco products are certified “silicone free” and ready for installation in your paint systems.
